Jeremy Roth
Purchasing Agent IV
CDOT Center for Procurement and Contract Services

Dear Mr. Roth,
As the Stormwater Coordinator for the City of Cañon City, CO, I am providing this letter of endorsement for Mr. Joe Grassi and his company, ACT BioRemediation. We have utilized his products to assist in the clean up of recent spills that have occurred in Cañon City and highly recommend the products.

Furthermore, Mr. Grassi came to Cañon City after one of the spills to personally apply the product and demonstrate how it is used. He spent several hours on-site and offered to return should a second application be needed.

Thank you for taking the time to consider adding ACT BioRemediation products to your supply and services department. I may be reached at the above number if you have any questions.

Sincerely,

Glenda DeBekker
